Lac Seul First Nation

Forging a New Path Together
Lac Seul First Nation (LSFN) is located approximately 40 kilometers North West of Sioux Lookout. The reserve has a large land base, (66,248 acres of land) which is bounded to the north and east by Lac Seul Lake. The reserve is made up of three (3) communities: Kejick Bay, Whitefish Bay and Frenchman’s Head.

Lac Seul First Nation is one of the largest reserves in the Treaty #3 Anishinaabe Territory in Northwest Ontario.
Community

- LSFN has 3,486 registered members
- Approximately 900 registered members live in LSFN
- The main administration is located at Frenchman’s Head community.
- Traditional name: Obishikokaang
Economy

- Lac Seul FN is the largest employer for its First Nation members. Includes own police force, health services and elementary school.
- Lac Seul Event Centre boasts a 1,300-seat arena and conference centre.
- LSFN also has a number of individual Band businesses owned by its members that include a gas bar, convenience store, a few construction companies.
- Proud owner of a Tim Horton’s franchise in Sioux Lookout
Economy

- Operates a not-for-profit training centre in the town of Hudson, that focuses on preparing and certifying individuals for a variety of careers in Northwestern Ontario and beyond,

- Lac Seul Forest has been managed by the Lac Seul First Nation since 2012 (1 million ha). The management of this forest has provided the community with significant training, capacity building and economic development opportunities

- Has partnerships and agreements in the energy, mining and mineral exploration, forestry and training fields.
Lac Seul has operated its own Housing Authority since 2002. Ke-nawind Housing Development Authority is an incorporated body guided by 3 board members appointed by Chief and Council.

Ke-nawind management staff includes David Gordon, Housing Manager and Pauline Lac Seul, Assistant Housing Manager.

Additional housing staff include a Reception/Clerk and five (5) Maintenance Staff.

The LSFN provides administrative support to the Ke-nawind Housing Authority.
LSFN Housing Programs

The LSFN through the Ke-nawind Housing Authority, offers rental and homeownership programs to eligible members and qualified borrowers of the LSFN as follows:

- **CMHC Section 95 Program rental units**
- **RBC On-Reserve Lending Program**
- **As of March 2016, LSFN offers a Market Based Housing Program for:**
  - The construction, purchase of an existing home, major renovations and refinancing of an existing home
  - A minor renovations loan program for existing homeowners
  - Ke-nawind Housing Authority as a qualified borrower.
LSFN Housing Profile

- Close to 350 homes on reserve that include:
  - 189 Band owned homes that are maintained by the LSFN
  - 146 rental homes managed by the KHA
  - 25 privately owned homes
- Over 100 applications for housing on file
- 5 duplexes completed in 2016
- 3 triplexes to be completed by March 2017
- Tentative approval for 5 new duplexes and 5 three bedroom homes in 2017 / 2018.
Working with the FNMFHF to achieve LSFN Housing Goals

- The LSFN identified the need for a broad range of housing goals in working with the Fund:
  - Expanding home ownership options and support individual home ownership
  - Build new rental units, and
  - Renovate current homes

- In December 2013, Chief Clifford Bull stated:

  “LSFN now has more options for housing to offer our membership. The flexibility we see from this new initiative with the FNMFHF is a way to balance many of our outstanding needs in our 3 communities over the next 5 years. Through the Fund’s capacity development support we see more than just the improvement of housing conditions but a positive benefit in the management of all areas of our First Nation.”
Implementing the Credit Enhancement Process

- LSFN and the Fund executed the Indemnity Agreement November 2013
- A Fund Credit Enhancement (CE) Consultant supported the LSFN as follows:
  - Developing Schedule C to the Indemnity Agreement (CE program parameters)
  - Developing CE policies and procedures
  - Developing CE marketing materials for membership
  - Liaising with lending institution

- BMO Lender Offer accepted by C&C

Jun 2016
- Market Housing Policies finalized

Jan 2017
- Review Meeting with FNMHF to identify what is needed to ensure effective implementation of the market based housing program
Implementing Capacity Development

Working with the Fund, we identified the following areas to be worked on and included these in the CD Letter of Agreement:

- Housing policies specific to homeownership, renovation loans, refinancing and purchasing of homes
- Financial policies and designation of finance staff to ensure best practices/reduce risk
- Issues relating to rent collection and rental arrears
- Capital Asset Maintenance software training
- Develop of land tenure options and land management system for future market based housing needs.
- Professional Development of Senior Management staff
- Member education and awareness workshops including personal budgeting and understanding home ownership
## Our Experience

### Key Achievements
- CAFM Designation
- Customized a market based housing program (Schedule C)
- Approved Housing Policies & Security Agreement
- Held Community Education Workshops
- Negotiated and Accepted a Lender Offer
- Orientation to Land Tenure Options
- Broad participation in the development of an Arrears Management Strategy

### Key Challenges
- Key Staffing Changes (finance, housing and lands)
- Changes in Chief and Council
- Not addressing all our identified CD needs within the timeframe
Progress Review – continuing work

- In January 2017, LSFN and the FNMHF reviewed progress to assess where we are at and determine any remaining needs necessary to fully implement and sustain the Credit Enhancement Program.

- It was agreed that more time was needed to:
  - Customize financial laws and policies for the First Nation
  - Complete an arrears management strategy
  - Address any housing policy gaps with the roll-out of the market housing program
  - Confirm land tenure and allocation policies of the First Nation
  - Continued support for certification training specific to housing and lands staff, including asset management training
  - Continue to provide community education and awareness workshops as needed
Current Status

**Credit Enhancement**
- Continue working with CE Consultant to finalize and roll out the CE program.
- Have chosen BMO as a lender but looking at other lender options

**Capacity Development**
- Continue working with the Fund to complete CD needs
What we learned

- It is a challenge for some to move away from the old way of doing housing to a new approach – it takes time
- Need to encourage community awareness and buy-in of the new approach
- Need to spend time in educating members on the benefits and opportunities of homeownership on reserve – one person at time
- It is important to understand what motivates a person to become a homeowner on reserve - and ensure they understand the benefits such as control of the home and building equity and wealth amongst members
Benefits of working with the Fund

- No fees or charges for their services
- Lac Seul determined our priorities for loans and capacity development
- Available to all First Nations who believe in households paying for their housing, even if they are not yet there
- Supports Lac Seul’s goals – beyond housing
FINAL Comments

“Through our partnership with the First Nations Market Housing Fund, Lac Seul First Nation is strengthening our capacity and expanding housing options as we forge a new path together.”
